6. curriculum facilitates the learning outcome	18	15	52	12	3

The Alumni feedback is important for the institutions growth. For assessing the opinion regarding the curriculum and programmes the feedback is collected from alumni every year. During the academic year 2019-20, the feedback is collected from the alumni , the responses found quite positive. The majority of the respondents are of the opinion that the courses were good for their career. Secondly they responded about the relevance of course to the industry, and almost 80% of the respondents agreed that the courses are relevant to industry and meets the professional standards. In the opinion of the 62% of responded alumni , the courses are designed in terms of extra learning and self learning. Even though the some of the courses are having internships and industry based projects, alumni opinionated the importance of more internships and industry experiences .And lastly when the opinion was about , whether the curriculum facilitates learning outcomes, the responses were found neutral.

Action taken

. It was decided to give awareness regarding learning outcomes- Programme outcomes and course outcomes.
